MAN SOUGHT BY RANGERS FLEES; CAUGHT IN AUSTIN

Comes to Texas

CAWTHON TO RECOVER FROM PISTOL WOUNDS

Merle Cawthon, 27 year old Rogers man, was gradually improving from gunshot wounds received in a brush with officers about 9:30 on Friday night February 2 at Skeezix store on the Buckholts road.

His wounds were critical but his life was saved through an extraordinary feat of surgery performed by Dr. W. R. Newton at the Cameron Hospital.

Cawthon was wounded twice with a .45 calibre automatic. One bullet entered his back at the left of the spine in the lumbar region with exit in the middle of the abdomen near the navel. Four holes were cut in the intestines. The other shot entered the back part of the left arm and was removed in front of the shoulder. The bone in the arm was broken and shattered.

The shooting occurred after Cawthon had been taken by officers from the store. Deputy Sheriff Will Vaughan and LeRoy Johnson, special ranger, were called to the store where Cawthon held occupants at bay with a pistol and knife.

Had Pistol and Knife
As Sheriff Vaughn entered he covered Cawthon with a shotgun and commanded him to drop the gun and knife. He dropped the knife but held to the gun and finally after the third request dropped the weapon. He was taken outside where a struggle occurred as the officers attempted to place him in a car to take him to jail.

Cawthon sustained a large scalp wound when struck by Sheriff Vaughn with a gun.

Charges of assault with intent to murder have been filed against Johnson whose bond was placed at \$250. He waived hearing before Justice Evans and the case will be heard by the grand jury.

O. C. NOLTE WILL RUN FOR CO. COMMISSIONER

O. C. Nolte, for 18 years Justice of Peace for Precinct 7 at Ben Arnold, will be a candidate for Commissioner of Precinct No. 1 in Milam county at the July Democratic Primary.

Judge Nolte expects to make formal announcement for the nomination for this office within a short time. Definite announcement that he would be a candidate for the office was made Tuesday. His candidacy will have a wide, general appeal to all the people of the Precinct which includes Justice Precincts 6 and 7.

Judge Nolte is one of the most popular officials ever to hold office within the county. He is a man of pronounced business ability and would regard it as his duty to safeguard the financial interests of the taxpayers at all times, both in and out of his precinct, proposing a service as Commissioner that would embrace every phase of county governmental administration, with due consideration for the people of the precinct who elect him.

He believes that the county government, including the interests of Commissioners Precincts, demands the service of men of business ability and thorough understanding of the duties imposed. In this regard he feels qualified to serve and would welcome opportunity to discharge the duties of the office.

His announcement, which will appear soon, will be directed to all the people of the precinct whom he would serve, guaranteeing to each taxpayer the utmost in representation in all matters concerning the district.

Support Is Asked For Local Bakeries

Support for Cameron bakeries is asked by the Chamber of Commerce and a committee has been appointed to canvas the merchants to secure greater demand for Cameron baked products.

Due to outside competition and lax conformity to home buying has in the past made it impossible for bakeries here to exist.

Co-operation on the part of the consumer is asked to bring about proper support for these local industries.

Czech Relatives Seek Whereabouts of Immigrant Who Came To America 1857; Property To Be Divided In Europe

Justice Gus Evans is in receipt of a letter from Czechoslovakia making inquiry as to the fate of one Cyril Hrnecir who emigrated to the United States in 1857. The letter follows:

Town Magistrate,
Cameron,
Texas.

Gentlemen:--

There is a family in our village which asked me to write to the United States in its behalf.

I am turning to you and beg of you to be so kind and help us find out the truth.

One Cyril Hrnecir emigrated from here to the United States in 1857 and settled on a farm somewhere near Atchison, Kansas. He went alone and left his wife and three daughters in this country. Later his wife followed him but his three daughters stayed here. In America a son was born to the couple. His name was Josef. The relatives do not know when Cyril Hrnecir died but his son Josef died 13th of February, 1917.

They were supposed to get part of his estate and some papers to this effect came here to Mor. Ostrava, the County seat. But somehow or

He had been visiting near Houston for some time and Wednesday night was found critically injured in his auto in front of a cafe near Bay City. No one was about. A shotgun was by his side, leading investigators to believe that he accidentally shot himself. A charge hit him in the head.

He is survived by his parents and one brother, Robert Lee Lyon. He was a native of Milam county.

Attending the funeral from Sharp were: Albert and Alvin Rinn, Marvin Petty, J. P. Petty, John B. Raby, Rufus Reichert, Charles Hook, Eldridge Gamble, C. D. Raby, Dan Davis, Dennis McDonald and Ray Lindhorst.

W. W. Markham has returned from Holland where he attended the funeral of his brother, J. B. Markham, 55, who died Monday, February 12th at a hospital in Temple, of pneumonia. Deceased was laid to rest by the side of his 24 year old son who died February 3rd with pneumonia.

The body of a young Mexican, Manuel Garcia, 20, was found floating in a pool of water by the road near Briary and close to the Falls county line early Tuesday.

All means of ascertaining the cause of his death had been exhausted at night fall by Deputy Sheriff Will Vaughn who spent the day in the neighborhood. With him was Justice John Thweatt of Maysfield who has not yet rendered a verdict.

The body was viewed by a Rosebud physician who expressed the belief the neck had been broken. A small scar on the left cheek was found by Sheriff Vaughn.

According to the stories told by other Mexicans, young Garcia left his home Monday with companions. They went after whiskey in the Brazos bottom. On the way back one of them said he lost his senses but regained them near daylight when he heard a rooster crow and staggered into a Mexican jackal near the roadway. This was three miles from the pool where young Garcia's body was found.

Garcia was fully clothed and the body bore no marks of violence save the wound on his left cheek.

Mr. Vaughn holds to the theory that the Mexican became intoxicated and fell into the water and was drowned.

Investigation was still being made into the mystery which deepened with many conflicting stories told regarding the circumstances.

Tenant Resisting Eviction Wins in Thorndale Court

A case involving the rights of a land lord to remove a tenant by law from his farm has been set down for trial in County Court here Tuesday.

ACREAGE CUT WILL SUCCEED IN MILAM

Out of the 1808 contracts 49,375 acres have been pledged to be retired from cotton production in Milam county. There are about 75 contracts to be tabulated which Geo. Banzhaf, county agent said would bring the total to about 54,000 acres.

Last year 46,000 acres were taken out of production. The quota for 1934 is 60,000 acres. The figure estimated to date is 6000 acres short of the quota.

Criticism and considerable bitterness is expressed by some farmers over the failure of some of the larger planters to co-operate in this movement. A majority of the large planters have co-operated, but one or two remain aloof, willing, they say, to take advantage of their neighbors who cut and cause the price rise, but unwilling to forego their greed by co-operating.

There seemed some chance of compulsion by the Federal Government, if the Bankhead bill is approved, but congressmen from the South so far had failed to agree that Southern planters should become material for so far reach economic experiment. They hold to the view a voluntary movement is better.

Patriotic farmers volunteer to co-operate while a few take advantage of increased farm profits and criticize the program, they say.

"Cold Beer and Law West of Pecos"

Here is a true and authentic photograph of Judge Roy Bean, "The Law West of the Pecos," pictured with some of the boys who used to whoop it up with him at the Jersey Lilly saloon in Langtry, Texas. Old Judge Bean in years gone by meted out justice in no uncertain terms. Finding a Chinaman shot to death, a gun on his hip, \$30 in his pockets, Bean fined the dead man \$30 for carrying concealed weapons and confiscated the pistol. The town and the saloon were named after the famous Broadway dancer of old times, Lilly Langtry, who once passed through there on a train and made a big hit with the Judge. STONE AXE LENDS EVIDENCE AMERICAN CONTINENT INHABITED BEFORE CHRIST

A new Chapter in American history, first evidence that humans lived on the Atlantic coast as far back as the time of Christ, has been written by a 2000 year old stone axe dug up in Albemarle county, Virginia.

The primitive axe is unique in that it was chipped out of black diabase rock by some savage American 20 centuries ago and then was found and reshaped by a later owner about 1300 years later. Besides setting a probable long-time usefulness record for the axe, it shows, says the Smithsonian institution, that former ideas of when the first humans reached the eastern United States were mistaken.

Old Theory Shattered

Until now, all evidence had indicated that the earliest inhabitants of the Atlantic seaboard arrived only about 200 years before Columbus, though from the opposite direction.

The American continents were populated from Asia, soon after the last ice age, by tribes crossing Bering strait, most scientists had held. The new arrivals filtered slowly through the west, but did not reach the Atlantic shore very far ahead of the whites.

But now, the resharpened axe, discovered by David I. Bushnell, Jr., has turned up to indicate that the aborigines traveled east about 1300 years earlier than had been believed. They are already hunting in the eastern forests where Nero ruled Rome and Pompeii was destroyed by the lava of Vesuvius.

Fixing Age of the Axe

The age of 2000 years or so was assigned to the axe because, though it was lustrous black when first chipped from the diabase rock, the weather of many centuries had worn its surface deeply and turned it lightish brown. Then it was found and resharpened or rechipped by a new owner and this again exposed the original black rock. This part exposed by the second chipping has been only slightly worn, contrasting with the deep wear and dis-

coloring of the originally-chipped portion.

The Second Sharpening

The second chipping, about 1300 A. D. is believed to have been done by some Indian of the Siouan race. The first and second sharpening of the axe shows the area was inhabited long before the Siouans, perhaps a race that vanished before the latter came.

"Considering conditions known to have prevailed on other parts of the continent 1500 to 2000 years ago," says Mr. Bushnell, "it is within reason to believe that nomadic bands, even before that time, had penetrated in to the wilderness east of the mountains."

Keep Soap Suds HOT and Save your elbows

It is certainly no fun to rub and scrub through a spring housecleaning campaign. But this business of prying dirt loose from tile and wood surfaces can be made easier simply by using plenty of hot water.

Actual tests show that hot water cleans faster than luke-warm or cold water. So to speed up housecleaning tasks see that soap suds are kept HOT at all times.

The automatic GAS water heater offers the one dependable way to have hot water for every household need at the turn of the faucet and without attention. It heats 20 gallons of water for a operating cost of only one cent! Let us install one for small down payment with balance monthly. There's a discount for cash and a trade-in allowance on your old heater. Investigate!

Her accomplishments in yard improvement consists of leveling the lawn, straightening and replacing the rail fence, repairing gates, setting out 16 roses in rose garden, planting out 11 plants to screen undesirable views, 7 native shrubs, prepared and planted 3 flower beds, made cutting bed and planted out 246 cuttings, a planting plan made by the Agent is being used by Mrs. Turner to guide her yard planting. Aside from her yard work, Mrs. Turner has made a hot bed, completed plans for a 4-H pantry, made her family canning budget and has planted the spring garden.

Better Homes Is Goal Of 4-H Club Girls

"To Make the Best Better" is more than a motto for the Milam 4-H Club Girls as is revealed by the following report from 9 clubs, as a result of work done since January 1 by 110 club girls: 4 cutting beds made with 2,824 cuttings set out; 46 yard plans made, with plantings being planted according to the plan; 105 family canning budgets planned; early gardens are being started and many hot beds have been made by the girls.

Each member of the Corinth Club has reached her goal of setting out 100 cuttings in the cutting bed. Every member of the Gause Club has completed the plans for planting and improving her yard; the Friendship Club has increased its membership ten members; 3 walks have been built by the Shary girls; the Briary Club recently staged a play by which funds for financing a delegate to Short Course at A. & M. were made possible. Other Clubs doing outstanding work are: Minerva, Marlow, Milano and Davilla.

The United States engaged in one war which is conveniently forgotten in practically all of our history text books; namely a naval war with France in 1796. It was caused by depredations on American commerce, resulting in several duals between American and French ships. Formal war was not declared, but our frigates fought the Frenchmen nearly a whole year.

Miss Helen Mondrik Married to Steve Marak, Jr. In Church Ceremony at Marak Monday Morning

Steve Marak, Jr. and Miss Helen Mondrik surprised their friends by their quiet marriage Monday morning, February 12th at 8 o'clock at the Marak Catholic church, Rev. Father K. Kacer, pastor, reading the ring ceremony.

The bride was handsomely attired in white silk messaline with flowing veil that was caught up at crown by orange blossoms, white shoes and carried pink rosebud arm bouquet. She is the daughter of Mr. and Mrs. Joe Mondrik of Cameron, and is popular with a large circle of friends and has spent her girlhood days in Cameron.

The bridegroom is the son of Mr. and Mrs. Steve Marak of Cameron, a well known farmer and ranchman who has lived in Milam county for a number of years. He has been employed in Cameron for the past five years and is popular with many friends.

The couple were attended by Miss

Edna Lazek and Victor Sustek of this city. Ushers were Alvin Marek and Leo Stecher of Cameron.

There was a wedding breakfast immediately after the ceremony at the home of the bride's parents for those attending the wedding which consisted mostly of relatives and close friends of the bride and groom.

The bride's going away gown was of poudre blue swagger suit with grey accessories, hat and stiff veil.

After a short wedding trip they will return to Cameron where they will keep house in a cottage, the gift of the bride's parents.

A bit of sentiment connected with the wedding was that they were married in a church that had been named for the father of the groom many years ago. It is the habit of the children to be married in this church named for their father while he was living in the country before retiring from active service on his large estate.

Bringing a new life to old furniture, was the theme of an upholstery demonstration given by Miss Bertha Fay Strange, C. H. D. A., at a regular meeting of the Curry Club Friday February 9 at 2 p. m. at the home of Mrs. Leslie Boatright.

The value of slip covers to prolong the life of comfortable chairs was studied. In this connection, material heavier and more firmly woven material such as denim rep, upholster's sateen, prove to be durable and wrinkle less than the thinner ones.

The agent displayed an exhibit of household equipment and cleaning agents with suggestions and short cut in house cleaning. The next meeting will be with Mrs. Geo. Leath Feb. 23 at 2 p. m. Subject, Reading Hour in the Home.

Cardinal Cornaro gathered much fame unto himself by the great suppers which he served habitually to his friends and guests in Rome during the glorious days of Medici.

His suppers consisted of sixty-five courses. It took all night to dine. Needless to say, Cornaro and most of his friends went to an early grave. Men in those days lived fast and died young. Even a casual reading of 14th, 15th and 16th Century history will convince anyone that the world has grown better. Even while we deplore the defects of the age, the world moves forward.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC Laxatives, tending, as it does, to establish a regular habit of evacuation.

Mr. and Mrs. Guy Newton and family and Mrs. Conway Tyson visited friends and relatives in Calvert last week.

Thompson Kemp spent Tuesday in Calvert looking after business.

Recently, Stanley K. Hornbeck, chief of the far eastern division of the United States department of state, declared the doctrine of non-recognition of governments made by the sword. The shot was aimed at Manchuko. Japan took exception, and the Japanese spokesman made polite reference to the method by which Uncle Sam obtained the territory of the southwest, and incidentally, to Panama. Of course it is rather convenient to forget the skeletons in our own closet.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

OBSERVE FOUNDERS DAY FOR PARENT-TEACHERS

Cameron Parent-Teacher Association observed Founders Day at the regular meeting on February 8.

The 9th grade Home Economics Class were hostesses for this occasion. The P. T. A. members were served by the girls in the Home Economics dining room, which was daintily prepared for the occasion.

Two of the hostesses, Amelia Freeman and Evelyn Dickens presided at the tea table and were assisted by Virginia Burnett and Emma Lee Burnett, Lois Beecham, Ruby Sprott, Florence Gibbs. Cookies made by other members of the class were a delightful feature of the refreshments.

The auditorium was the place of meeting, Vice President Mrs. Kilian presiding.

Catherine Monroe's piano selection preceded two addresses delivered by students of Miss Pitt's English

Odd Texas

classes. C. W. Gjedde ably presented The Challenge of Responsibility for Independent Judgment, and Regina Moseley convincingly talked regarding the Problem of the Modern Home in Providing Challenging Tasks.

Two beautiful vocal numbers were rendered by the Blue Bird Quartette Misses McGregor, Mode, Cheeves and Horstmann.

Washington Test Gives Independent Gas Best Quality

The newspapers of the United States reported February 7, 1934 an interview with Secretary Ickes regarding the gasoline situation. The Bureau of Standards reported to the Secretary that by octane rating, the average quality of gasoline sold by independents in Washington was slightly higher than that sold by major companies. Secretary Ickes is investigating a price war between Independents and major companies in the capital.

Of 34 samples tested the average for the Independents was 63.7 per cent and that for the major companies 62.4 on the octane scale.

W. H. BYBEE

EVELYN B. CLARK

When Clyde Barrow delivered Raymond Hamilton from Eastham Prison farm in East Texas, W. H. Bybee was one of the convicts who took advantage of the situation and escaped. Somewhere he secured a car and guns. At Vinita, Okla., he picked up Evelyn Clark, pretty girl hitchhiker bound for Los Angeles. He asked her to be his pal and drive, while he slept, drank whiskey and took pot shots at jack rabbits. At Vega, Texas, 40 miles west of Amarillo, Bybee got out of the car to offer a gas station attendant a drink. Evelyn stepped on the gas, reversed direction and by the time Bybee arrived back in Amarillo via passing truck, looking for Evelyn and his car, officers were ready and waiting to nab him.

CORN-HOG CONTRACT IS BOON TO THE FARMER

"To the cotton farmer who has already reduced his cotton acreage by diversifying with other crops and livestock in previous years, and who feels the Government cotton program is unfair to him, the corn-hog contract may offer interesting possibilities," says Geo. Banzhaf, county agent.

"Suppose a farmer changed from an all-cotton system for half cotton and half feed a few years ago. He milks cows and feeds hogs and raises chickens for a steady year 'round living, and takes his cotton money in the fall for paying the bigger bills. He makes the same percentage reduction in his 1934 cotton crop as the neighbor who still plants nearly the whole farm to cotton, but he will receive only half as much in the way of a Government cotton benefit check.

"In such instances it works out that the diversified farmer may sign a corn-hog contract to reduce corn acreage or hog production, or both, and receive Government benefit checks that will total just as much, or even more than these received by the all-cotton farmer. In addition the diversified farmer is in a much better position than the all-cotton farmer to use extra feed

which the farm can grow under the terms of the cotton and corn-hog contracts.

"The corn-hog contract is open to every farmer in the county who produces a surplus of either corn or hogs and who can otherwise qualify," the county agent points out. "The rush of the cotton campaign makes a farm-to-farm canvass of the farmers in the interest of the corn-hog program an impossibility, but men who may be eligible to sign these contracts should investigate the plan," he suggests.

The Boston Museum of Fine Arts opened in 1876, the first in the United States; the New York Metropolitan Art Gallery, in 1879.

A wedding of much interest to many friends in Cameron and over the state occurred Saturday morning February 10th when Miss Iva Wilson became the bride of Ben F. Reichert, editor and publisher of the Cameron Enterprise. The wedding, a quiet home nuptial was held at 9 o'clock in the home of the bride's parents, Mr. and Mrs. Edgar Wilson.

The bride is associate editor of the Cameron Enterprise and society editor of the paper, a position she has held for a number of years.

Those attending the ceremony were members of the families of the high contracting parties, Rev. Walter L. Cannan, pastor of the first Methodist church, read the impressive ring ceremony.

Miss Virginia Cone, classmate of the bride, rendered the wedding music, and at the strains of Lohengrin's wedding march, the bride and groom entered the room unattended and took their vows at an improvised altar where ivy leaves, ferns, narcissus and pink stock were attractively used in the decoration. The flower song was softly played during the ceremony.

The bride was handsomely dressed in a new spring model of honey beige tweed suit and ensemble coat, small brown turban with stiff veil and brown shoes, gloves and purse to match the traveling costume. Immediately after the ceremony a large wedding cake, the gift of life long friends, Mrs. Bob Terry and Mrs. Sue Stitt, that centered the dining table lace laid, was cut and served with punch.

Green tapers in silver candlebra, tied with white tulle, stood at either end of the table, shedding mellow light over the scene.

The bride was reared in Cameron and after completing high school attended T. W. C. College in Fort Worth, and taught school for two years, and for the past four years has been society editor of the Enterprise. She has been a teacher in the Primary department of the Methodist Sunday school for years; a member of the Eastern Star and an active member of the Business and Professional Women's Club in Cameron, and is popular with all who know her.

The bridegroom is the eldest son of Mrs. Henry Reichert of Sharp, a well known family of that section of the county, and a young man of splendid business ability; is a graduate of Yoe High school, and later attended State University where he took journalism. He came to Cameron and purchased the Cameron Enterprise and has been editor and manager for the past five years.

After a few days trip to San Antonio and Corpus Christi, they have returned to Cameron and are keeping house at 910 North Washington Street.

The Alabama Methodist Episcopal conference in Jan. 1861 declared that "African slavery is a wise, humane, and righteous institution approved of God." Practically all southern churches made declarations on the subject equally as strong. Public opinion can completely reverse itself in a comparatively short time. Now we are glad that the institution has gone and no one would say that the system is approved of God."

Ben Pelg, who recently underwent an operation in the Cameron Hospital, is reported to be doing nicely.

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right dose of a liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may often do more harm than good.

A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels back to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child.
